

## Company Overview

### We Solve Problems with People

ATTAC Group, Inc. was formed in 2018 to meet temporary/consulting staffing and specialized direct hire recruiting needs for Prime Contractors performing Federal and State Government contracts. Our company focus spans the Healthcare, Information Technology, Aerospace & Defense, Construction, Accounting, and specialized service industries.

In 2019, ATTAC Group, Inc. launched its Federal Services division, specializing in unique and niche federal contract opportunities. Our goal is to deliver high value services that exceed client expectations through a lean & transparent process. Giving you **What You Need When You Need It.**

ATTAC Management Team has a successful record of providing support services in the Government and Private sectors. We take a consultative approach by engaging directly with our clients to solve complex challenges that require advanced knowledge and expertise along with an in-depth understanding of each individual client's mission and field. With the teams' strong blend of technical excellence and proven experience, we stand out in a competitive market as pioneers who think ahead, inspire confidence & trust, and deliver superb results through a commonsense approach.
